Women's

Safari | Fedora | Gambler & Boater

There's a confidence to a well-built brim. Safari styles bring a secure chin cord and real structure for the trail or the boat, while the classic Fedora and Gambler & Boater silhouettes deliver a pinched crown and flat brim that never go out of style. Western Rolled brings bold, rolled-brim presence for the woman who owns the room, wherever the day takes her. Beneath the structure, it's all about texture. Raffia and Toyo bring that naturally woven, breathable feel, each with its own character and grain. Poly-Knit flexes and stretches with you, built for move-

ment rather than stiffness. Paper Straw rounds out the range with lightweight, textural coverage that feels like summer itself.

Structured or woven, bold or classic, this section is built for real adventure, in whatever shape and texture suits your day.

Structured Natural Texture

- *Structured safari and fedora silhouettes*
- *Bold rolled brims, classic flat crowns*
- *Naturally woven raffia and toyo texture*
- *Flexible poly-knit, breathable paper straw*
- *Built for real adventure, every texture*

Women's

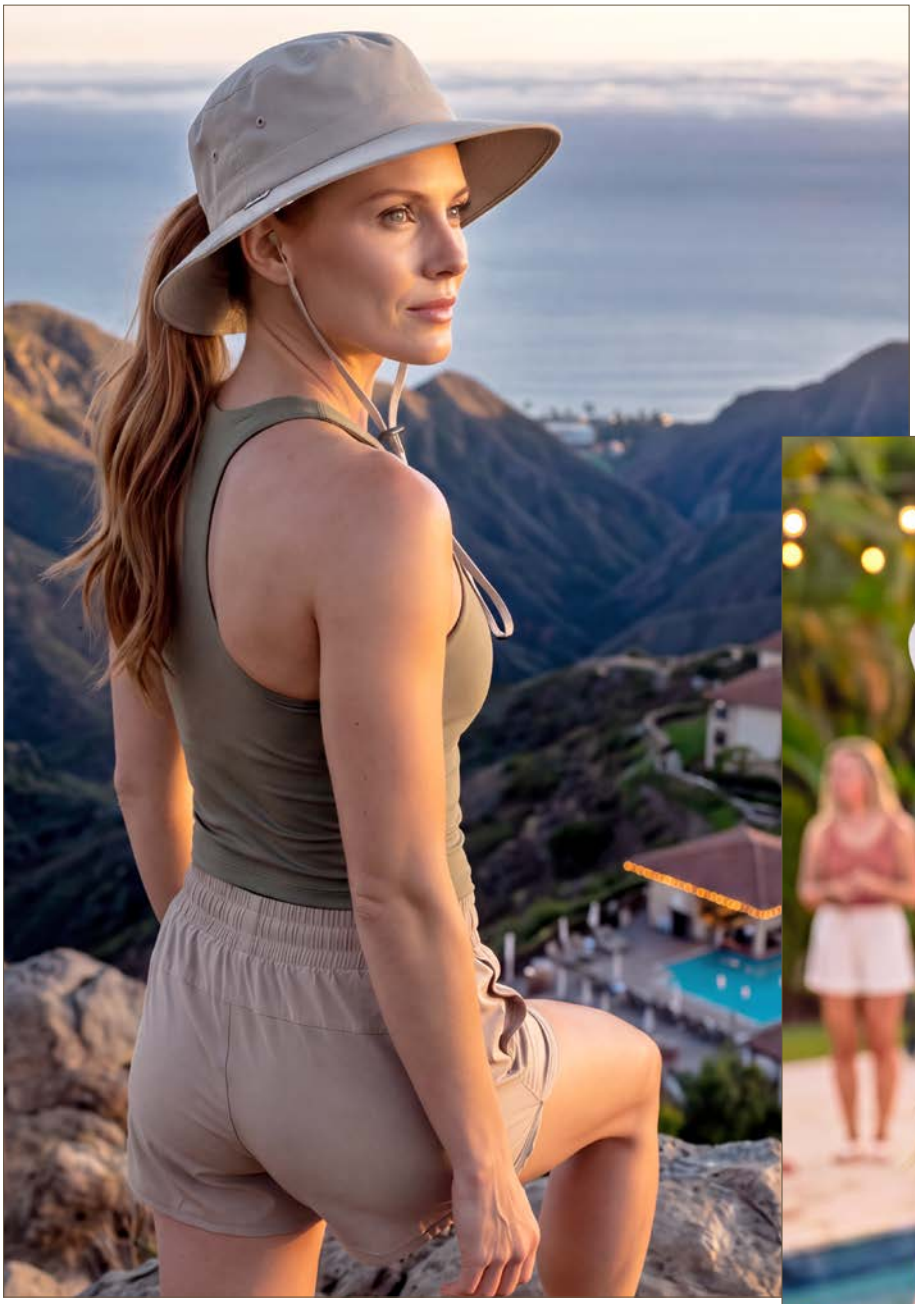

Visors | Rollups | Packable Hats

Some hats are built purely for function. Our Visors deliver open-top ventilation and real sun protection without trapping heat, sporty and breathable for active days. Roll-up styles fold flat and bounce back to shape, the practical traveler's choice for coverage that fits in a bag, not just on your head. Performance styles go further still, with an engineered back opening built for ponytails and moisture-ready materials made for real activity.

Not every day calls for that same intensity, though. Our Cotton styles bring soft, relaxed structure to the everyday, versatile enough to go with anything. And for a finishing

touch, our Ribbon styles add a soft, decorative detail to a classic shape, the kind of small touch that makes a hat feel complete.

Function first or detail first, this section covers the full range, hats built to move with you and hats built to finish the look.

Built to Move, Finished Details

- *Open-top visors, breathable and sporty*
- *Packable roll-up shapes for travel*
- *Ponytail-ready performance construction*
- *Soft, versatile everyday cotton*
- *Ribbon trim for a finishing touch*

From the very first beach trip to the busiest days at the pool, our Kids' collection is built to keep up with real play. Reversible bucket hats bring two looks in one, soft terry cloth on one side, vibrant prints on the other, secured with easy chin ties that stay put through splashes, sand, and everything in between. As kids grow, the styles grow with them, from playful trucker caps with bold colorful prints to structured fedoras with woven brims and classic charm.

Every piece is built from durable, easy care materials made to handle real, everyday
