

BRIGHT
ON THE SIDE

2025
CATALOG

When we were little girls, our mom worked every other weekend as an Emergency Room nurse. This meant we got to go on an adventure with our dad. One of our favorite activities was to go on a dump treasure hunt. We'd jump into Dad's little antique pickup truck and head to our local dump where we would find all sorts of 'treasure.' One day, Dad uncovered a huge stash of old printing plates. Printers would use these to print illustrations in a book. We found Alice in Wonderland plates, Peter Pan, Anne of Green Gables, etc. What we didn't know at the time was that these plates were made of nickel. So, dad spent the winter pulling these plates from their wooden blocks. He was able to sell all of that nickel to a metal recycler for almost \$10,000. What did he do with that money? Start his own small business, of course, and Dunn & Co., the world's largest book hospital was born.

So, we grew up with the philosophy that one man's trash, literally is another man's treasure. We would carry that later into our own small business when we would turn millions of old book covers into coasters and Legacy was born.

Over the past 32 years, we have firmly believed that problems or challenges almost always offer us an opportunity. We also know that investing in new ideas, new employees, new artists and sales reps is really what has allowed us to continue to grow and change.

ON THE BRIGHT SIDE is not just a new gift line. Though, it does have gorgeous Boutique-sized cards and gifts that will be sure to brighten your day, it's really a way that we can share our philosophy of joy, one little greeting card – or coaster– at a time.

ON THE BRIGHT SIDE is not a moment in time or a place. It's a way of being. We choose to always see the glass half full, always search for the rainbow and always marvel at the gifts that have been shared with us.

Thank you for spending a little time basking in the sunshine with us. Happy, sunny days ahead!

Mary Pat, Pete, Pam, Tim, Cathy, Carlos (and Mom and Dad)
