

Keep the convenience. Cut the waste.

Sustainable meets convenient.

Embracing a sustainable life can sometimes feel overwhelming. These eco-friendly products will allow your customers to keep the convenience that comes with disposables while cutting the waste.

Our high-quality products are handmade in New Hampshire and are designed to last.

Washable Paper Towels

These reusable towels are durable and just as absorbent as regular paper towels, so you'll be able to handle any spills or messes with ease.

Unlike disposables, they can be washed and used over and over again. That means no more wastefulness, and no more feeling guilty about your paper towel habit's impact on the environment.

Our Collections

1. Washable Paper Towels
2. Zero Waste Starter Kit
3. Beeswax Wraps
4. Coffee Filters
5. Washable Tissues
