SUMMER 2026

My journey began in 2007 when the inspiration for Dune Jewelry took shape at my kitchen table in the form of unique, sand-filled pieces I designed for family and friends. Inspiration became a passion and my passion became a business. Today, Dune is a growing line of unique, Experiential Jewelry and Home Accents designed around sand & earth elements from places you hold close to your heart and places you aspire to visit.

Our Sandbank holds elements from 5,500+ iconic and memorable locations around the world such as earth from your favorite mountain trail, sand from many different beaches, sea glass, pressed petals from popular flowers and even crushed shells.

In addition to our classic Dune Jewelry designs, we have also created a luxurious collection of Larimar jewelry using only the finest stones sourced from the Dominican Republic to evoke memories of vast clear skies & blue waters. I feel honored to be entrusted with helping you cherish your memories and to help you celebrate life's journey.

May it be filled with adventure!

THE LARIMAR COLLECTION

THE LARIMAR COLLECTION

The Sea to Our Sand

Larimar is an exquisite gemstone, renowned for its rarity and unparalleled beauty. Found exclusively in Barahona, in the Dominican Republic, Larimar captivates with its vibrant blue hue, interspersed with delicate waves of white, perfectly mirroring the serene waters of the Caribbean.

The name “Larimar” is derived from “mar,” the Spanish word for sea, and “Lari,” a tribute to Larissa, the daughter of one of the early Larimar artisans. Celebrated as the “Caribbean Gem,” Larimar stands as one of the most enchanting gemstones from this region. Its distinctive allure makes it a sublime addition to any sophisticated jewelry collection, offering a touch of elegance and timeless charm.
